

JOURNEY TO HOPE

Virtual Grief Support Group for Young Adults 19-25

Fall Session 2020

An atmosphere of compassion and confidentiality allows young adults ages 19-25 to become empowered and equipped with tools that will help them journey through the grief process.

This safe virtual setting is designed to provide young adults with an environment where they will be supported by peers and given the opportunity to participate in conversations to help them heal and adjust to their new normal.

Journey to Hope offers a place to express feelings and concerns, to ask questions, and to learn ways to better manage the stress and sadness of grief alongside other young adults with similar experiences. *Grieving is not easy, but together we can make it a little less difficult.*

Every other Wednesday
September 23 – December 2, 2020
7:30 PM – 9:00 PM

Made possible by a generous grant from the New York Life Foundation

Registration is required to attend - Please Contact: Dana Duffie • 407.331.3059 x 10/ information@newhopeforkids.org
